

REMARKS

Applicant respectfully requests that the Specification be amended to more clearly identify the relationship between the related applications identified in the original specification.

Applicant requests that the Amendment be entered in that it is directed exclusively to formal, and not substantive issues, and does not raise new issues requiring further search or consideration by the Patent & Trademark Office.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Mark P. Stone', written in a cursive style.

Mark P. Stone
